Profile

Dynamic Software Engineer with 1 year of experience in developing robust REST APIs and implementing secure authentication protocols to facilitate seamless data access for clients. Proficient in .Net Core, I have a solid foundation in SQL, jQuery, CSS, HTML5, Git, JavaScript, C#, and Angular. My educational background in BCA and +2 Science from Chitalo Mohavidyalaya has equipped me with the necessary knowledge to thrive in this role. Eager to leverage my skills and contribute to innovative projects in a challenging Software Engineer position.

Employment History

Software Engineer, CSM Technology, Bhubaneswar

May 2023 — Present

- Developed REST APIs and implemented authentication protocols, such as OAuth, to securely expose data to clients
- Developed and maintained software In .Net Core.
